STATEMENT OF OBJECTS AND REASONS

Modern biotechnology has been recognised globally as a rapidly advancing science wherein molecular techniques and processes are employed to develop healthcare solutions for human and animal sector, for agriculture and environment technologies. This has necessitated creation of high quality human resource in disciplinary and interdisciplinary areas by engaging students in research by integrating science, engineering and medicine. Similarly, interface between agriculture or veterinary sciences and engineers; environmental biologists, ecologists and engineers for agricultural and environmental technologies respectively, is necessary for molecular breeding, bio-energy and green technologies. For this purpose, it was necessary to create physical infrastructure in critical platform technologies to support interdisciplinary education, training and research in biotechnology.

2. In view of the above, it was decided to establish a Regional Centre for Biotechnology to produce skilled human resource tailored to drive innovation in biotechnology, particularly in the areas of new opportunities and also to fill talent gap in deficient areas. The Centre was established through an Executive Order of the Department of Biotechnology, Ministry of Science and Technology, Government of India, dated the 20th April, 2009 and is currently operational in its campus at Faridabad.

3. It is proposed to provide statutory status to the existing Regional Centre for Biotechnology Training and Education at National Capital Region, Faridabad, Haryana, establishing the same as a body corporate by the name of “Regional Centre for Biotechnology” and to declare the Regional Centre as an institution of national importance. The proposed Regional Centre would be an autonomous body which is expected to play pivotal role in human resource development in Biotechnology areas and facilitate, promote and strengthen international cooperation to improve the social and economic conditions and welfare of the people.

4. The proposed Regional Centre for Biotechnology Bill, 2016, *inter alia*, provides for,—

(a) pursuing of its objects and discharging its functions in close collaboration with other national, regional and international institutions (including those located in the member states of UNESCO);

(b) constitution of the Board of Governors, the Programme Advisory Committee, the Executive Committee, the Finance Committee, the Board of Studies and other authorities and specifying their powers and functions;

(c) appointment of officers and staff of the Regional Centre and specifying their powers, duties and conditions of service;

(d) maintenance of a Fund by the Regional Centre and submission of annual report and annual accounts to the Central Government;

(e) furnishing of returns and other information to the Central Government regarding its property or activities;

(f) review of the functioning of the Regional Centre by the Central Government;

(g) resolution of disputes between the Regional Centre and its employees by arbitration;

(h) empowering the Board of Governors to frame Statutes; the Programme Advisory Committee to make Ordinances; and the authorities to make Regulations and laying such Statutes, Ordinances and Regulations before Parliament.

5. The Bill seeks to achieve the above objectives.

BE it enacted by Parliament in the Sixty-seventh Year of the Republic of India as follows:—

1. This Act may be called the Mines and Minerals (Development and Regulation) Amendment Act, 2016. Short title.

2. In section 3 of the Mines and Minerals (Development and Regulation) Act, 1957 (hereinafter referred to as the principal Act), for clause (a), the following clauses shall be substituted, namely:— Amendment of section 3.

(a) “leased area” means the area specified in the mining lease within which mining operations can be undertaken and includes the non-mineralised area required and approved for the activities falling under the definition of mine as referred to in clause (i);

(aa) “minerals” includes all minerals except mineral oils;’.

Amendment

Amendment
of section 13.

STATEMENT OF OBJECTS AND REASONS

The Mines and Minerals (Development and Regulation) Act, 1957 was enacted to govern the development and regulation of mines and minerals.

2. Sub-section (6) of section 12A of the said Act provides that the transfer of mineral concessions shall be allowed only for concessions which are granted through auction. The Central Government has received representations from industry associations stating that the said sub-section has caused difficulties which does not allow merger and acquisition of a company having captive leases. The Central Government has also received representations seeking clarification regarding areas for dumping of mining wastes in view of the observations made by the Supreme Court of India in Writ Petition (Civil) No. 562 of 2009 and Writ Petition (Civil) No. 435 of 2012.

3. It is, therefore, felt necessary to provide for transfer of captive mining leases granted otherwise than through auction in order to facilitate legitimate business transactions. It was also felt necessary to define “leased area” in order to expand the scope of lease area by including therein dumping of mineral rejects.

4. The Bill seeks to achieve the above object.
